TR-HSC Fire Fighter's Handset Cabinet Product Installation Document

PN LS10307-001TR-E:A 05/04/21 ECN: 151608

1 Description

The TR-HSC Fire Fighter Handset Cabinet is used to store TR-HSC handsets.

1.1 Compatibility

The TR-HSC is compatible with the Triga FFT Series Fire Fighter's Telephone. For additional information, refer to the following Installation Manuals.

Document	Document Part Number
TR-FFT Manual	LS10309-001TR-E

2 Mounting Instructions

The cabinet can be surface or flush mount. Observe the following requirements.

1. Mount the FFT-HSC cabinet so it is firmly secured to the wall surface. The mounting holes are shown in Figure 1.
 - If you mount the cabinet on concrete, especially when moisture is expected, attach a piece of 3/4 inch (1.90cm) plywood to the concrete surface and then attach the cabinet to the plywood.
 - If you flush mount the cabinet, the mounting hole dimensions for the enclosure should be 14.75" W x 25" H (37.46cm W x 63.5cm H).

Do not flush-mount the cabinet in a wall designated as a firebreak.

Figure 1 shows the mounting holes for the cabinet.
